

Reading Response 3

Respond to your text using one of the following reader prompts:

- Write your reaction to an issue or idea from a chapter. Identify the chapter and issue you are responding to. Why does this one stand out? What is most interesting/troubling? How would you feel in a similar situation?

or

- Discuss a theme you've noticed and explain how you think the theme aids in developing your ideas about the novel. Remember that a theme is an overall, general idea that your novel tackles, like love, justice, fear, etc. So how is that topic used in the novel, what message about the topic is conveyed, how is it used, etc.

A complete, well thought out response would have to be more than a half page, single spaced, normal sized writing, no huge margins... etc.
